

Migration Checklist

Below is our checklist for what you can do to prepare for our platform migration on 8 November 2022.

We know that publisher migrations add to the workload of our already busy librarian customers, and we appreciate the time you put into making this a smooth transition.

	Action	Link to FAQs
IP address	If there are any changes, you can update them in your account settings.	https://www.intellectbooks.com/migration#ip-address
Shibboleth and Open Athens	If there are any changes, please email contact@intellectdiscover.com so we may update your account settings.	https://www.intellectbooks.com/migration#shibboleth https://www.intellectbooks.com/migration#open-athens
Link Resolvers and OpenURL	If your library does not use an aggregator (e.g. EBSCO, Ex Libris, Informat,...) or uses non-DOI based linking, please have your vendor contact contact@intellectdiscover.com and we will try to include them.	https://www.intellectbooks.com/migration#openurl
SUSHI request URL	Take note of your customer/requestor ID and SUSHI URL under Usage reporting on the Account Administrator's page.	https://www.intellectbooks.com/migration#sushi
MARC Records	Update non-DOI links in local catalog or download global update records from OCLC/Serials Solutions.	https://www.intellectbooks.com/migration#marc
Proxy Servers	Configure for SSL and update proxy stanza	https://www.intellectbooks.com/migration#ezproxy
Bookmarks	Redirects will work, but you should update to the new link on any LibGuides or other pages.	https://www.intellectbooks.com/migration#urls
